Shri Mahendra Singh Rawat  
Shri Ved Prakash

### Convener

Dr. Sushil Bhadula, GDC Vedikhal

### Organizing Secretary

Dr. H.C. Purohit, GDC Vedikhal

### Joint Organizing Secretaries

Dr. Bhupendra Singh Kunwar, GDC Vedikhal  
Dr. Satish Chandra Koli, GDC Vedikhal

### Local Hospitality committee

Mrs. Lata, GDC Vedikhal  
Mr. Umesh Kumar, GDC Vedikhal  
Mr. Vikram Singh, GDC Vedikhal  
Mr. Ashish Ratan, GDC Vedikhal  
Mr. Mandeep Bandooni, GDC Vedikhal

**About the Seminar:** One of the most dangerous aspects of wildfires is their ability to spread quickly and wipe out critical habitat. **Wildfires can burn through a forest at a speed of 10 kilometers per hour.** Loss of habitat greatly impacts all animals and plants. Animal species that annually return to the same breeding ground and nesting sites are especially threatened by wildfires. **In some cases, it can take years for a species to recover after missing a breeding season and reestablishing a secure home.** The forests around the Vedikhal in Beeronkhal Block district Pauri Garhwal is prone to wildfire. Every year forest fire cause huge destruction to forest ecosystem. **Human-Wildlife conflict is also common in Garhwal region of Uttarakhand. Many wildlife animals such as Leopard, Bear, wild boar etc. encountered frequently with villagers. Leopard attack is also found in the region. Many of them damage the crops of villagers.** With this goal in mind the present seminar on is being organized on 3 and 4 March, 2023 by Dr. S.N.N. Degree College, Vedikhal, Pauri Garhwal in collaboration with USERC, Dehradun. It will provide a common platform for academicians, researchers, scientists, Villagers and students to share their knowledge about forest fire and human-wildlife conflict.

### Subtheme of Seminar:

1. Biodiversity of forests
2. Importance of forests
3. Causes of forest fire
4. Impacts of Forest fire
5. Remedial measures to prevent forest fire
6. Causes and Consequences of Human-wildlife conflict

**About Government Degree College, Vedikhal:** The academic meet will be held under the aegis of Dr. S.N.N. Degree college, Vedikhal, Pauri Garhwal. Degree college, Vedikhal, Pauri Garhwal was established in the year 1979. The College was laid on the principles of Dr. Shivanand Nautiyal. This College is situated 130 km from Kotdwar.

### Proposed programme of two days seminar:

- i. There will be invited lectures during the different sessions of the two days seminar on the theme of the seminar. These will be of 25-30 minutes each and delivered by senior Professors and prominent scientists.
- ii. Research papers/ results will be presented by the delegates, which will be of 15-20 minutes each. These will also be judged by a panel of senior Professors / Scientists for the award of best oral/poster presentation two each in male and female category.
- iii. Open session with Villagers and Gram Pradhans on forest fire and human-wildlife conflict.
- iv. Organizing Team will spread mass awareness about importance of forest and remedial measures of forest fire in local villages.
