Department of Science and Technology,  
Government of Uttarakhand

Venue: Seminar Hall, Department of  
Mathematics, SSJ University, Campus-Almora

## ABOUT THE CONFERENCE

Uttarakhand is a Himalayan state which hosts multiple river systems and dense forests leading to rich biodiversity. In recent years, climate change poses serious concerns on Himalayan environment. The one-day seminar aims to discuss the causes of climate change and its influence on Himalayan environment. The possible solutions will also be explored to mitigate the challenges.

Soban Singh Jeena University is a newly formed university in Uttarakhand with main campus in Almora. This seminar is organised by Uttarakhand Centre for Climate Change, a research centre under USERC, Department of Science and Technology, Uttarakhand. This centre has been working towards studying the gradual changes in the local environment for different periods of time.

## SPEAKERS

☐ **Dr. J. C. Kuniyal** (Keynote)

Scientist G & Head - Centre for Environmental Assessment and Climate Change, G. B. Pant National Institute of Himalayan Environment, Kosi-Katarmal, Almora, 263643

☐ **Dr. J. S. Rawat** (Plenary)

Former Director, Centre of Excellence for NRDS in Uttarakhand & Former National Geospatial Chair Professor
